

THE HIDDEN CHAMPION GROHE RAPIDO SMARTBOX

Space – we'd all like to have more of it, especially in the shower area. Concealed product solutions are becoming increasingly popular, not only because they create more space but the look of the products is more sleek and minimalistic.

THE HEART OF EVERY GROHE CONCEALED SHOWER SYSTEM: GROHE RAPIDO SMARTBOX

One concealed rough-in can be combined with single-lever mixers, thermostats or GROHE SmartControl systems – for even more individuality and space in the shower.

BENEFITS FOR YOUR SHOWER SPACE AT HOME

Sleek Design

More space under the shower due to slim design (43 mm total outreach)

Variety of design options

Choose from round or square styles - with all designs also available in a selection of GROHE Colour finishes

One control panel, multiple functions

One rough-in runs up to three shower and bathtub functions with just one trim plate for ultimate shower enjoyment

Fits narrow and brick walls

Only 75 mm minimum installation depth

Perfect for retrofit

thanks to optional service stops for all thermostat and SmartControl mixers
